Date	July 2016 - March 2017	Location	Zambia
Category	New Build - All Interiors & Exteriors	Client	Kalungwishi Estate

THE BRIEF for PATIO LIFE

This Homestead located in the far North East of Zambia was, so far, our most challenging project. Twenty Six custom made pieces to meet our Clients design specifications. It started as custom designed outdoor pool loungers and a veranda lounge suite, plus benches and tables. It progressed to a range of client specified indoor furniture items, all made from African Mahogany. This included entrance hall furniture, a ten seat pedestal dining table with chairs, a server, coffee and side tables, a console table, deep seat chaise and sofas. Continued into the bedrooms and study with side tables and bedside dressers. And we ended up as a one-stop providing all the Homestead's window curtaining, rods and rails.
