

Patio Life furniture, umbrellas, accessories, cushions and covers are high quality products manufactured in South Africa. Every item is custom made to order, nothing is mass produced. Detailed attention is focused on each step of the fabrication process. Whilst we offer a wide choice of standard ranges, we are willing to quote on alternative personalised designs.

THIS CATALOGUE provides detail on all the different materials and colour choices we offer in hand crafting our products.

Cushion Fabrics

Our go-to standard for Cushion Fabrics is the made in SA Cedarbrook range. Solution dyed with a three year anti-fade Warranty. The Cedarbrook outdoor fabric is manufactured from solution dyed and UV stabilized polyester and acrylic yarns. Resistant to rotting and mildew, mild acids and alkalis and treated with Rucoguard fabric protector which acts as a repellent to water, oil, general soiling. View the full range www.cedarbrook.co.za

However we work with all the major SA Fabric Houses with a combined almost unlimited choice of outdoor fabrics.

KIAAT WOOD

is a dense and sturdy hardwood ideally suited for the manufacture of outdoor furniture. This tropical wood with a rich brown colour and appealing knotty grain is used for all our premium quality wood furniture.

SALIGNA WOOD

is a dense and sturdy hardwood ideally suited for the manufacture of outdoor furniture. This tropical wood with a rich brown colour and appealing knotty grain is used for all our premium quality wood furniture.

Please note that the wood sample colours above are a close match to the real wood. Wood comes from a living plant, therefore there will always be slight variations colour, grains and knots. Hardwoods do require maintenance, the frequency of which depends on their location and exposure to the outdoor elements. The woods on our furniture is treated with a clear outdoor sealer.
